

**Pat Handley**, an Ordained Minister, brings to us a great depth of knowledge and breadth of ministerial experience, counseling and coaching families at all stages of life.

A mother of three, she was originally educated as a Registered Nurse, was a Realtor® for over 20 years, then earned a Master of Divinity degree from Yale University. Upon graduation she was called to serve a large, historic Church in Wethersfield, CT as full-time Associate Pastor for eight years. From there she was called to Chicago for four years to help with her daughter's two sets of twins under age three!

She regards her call to ministry as evidence of not only God's amazing Grace, but evidence of the power of God's Spirit to use any available vessel.

Through occasional Chapel services, speakers, organized activities, study groups, or just getting to know our families, Pat will be helping to develop the spiritual dimensions of life here for those who are interested to explore faith, find answers to life's questions, or just to continue to grow on their life path.

In her free time Pat loves to read, write, listen to music, ski, hike, swim, water-ski, spend time with friends and just indulge in life, which she finds full and wondrous!

**Situated on 1 acre, adjacent to a 35 acre nature preserve within the Trillium Community, the Serenity Chapel is not funded by Trillium, TL&LC or the Trillium POA. As a 501© organization, individual tax deductible contributions may be made to Trillium Chapel, Inc.**

**Serenity Chapel is open to all Trillium and Chinquapin families, 24 hours a day, and is available for special events upon request.**

## TRILLIUM CHAPEL

### *Serenity Chapel*

This Chapel is dedicated to Our Lord, the One who forgives, heals, provides, restores and loves us as we are, by all who seek His glory and purpose. He alone is worthy of our praise and thanksgiving. May we receive the serenity only God can provide in this place.

*L*In our fast-paced culture today, many who have achieved success continue to search for a sense of significance, for some inner assurance that their life will have enduring meaning.

It is our desire that families here will find joy, support and opportunities for continued growth along their life journey.

The original vision of our founders, to offer families a community within which the whole person can be nourished still guides us today.

Serenity Chapel stands as a constant reminder of that vision and commitment.

## *Moving from Success To Significance*

*S*Now through Chapel sponsored programs across our two communities, individuals and families will be able to choose opportunities that are specially designed for spiritual growth.

Whether stopping at the Chapel for a time of quiet prayer and thanksgiving, attending a seminar or lecture, joining in a small group study, or simply ending a perfect mountain day around the campfire with friends and family, it is our hope that all ages will find many significant ways in which to grow while here in God's country.
